PROFESSIONAL ACCREDITATION

The **#RideTheWave** professional coach training programme has been awarded **Accredited Certificate in Coach Training (ACCT)** status by the Association for Coaching (AC), one of the leading professional bodies in the coaching industry.

As a student on this programme you will be given student membership of the association and be supported towards gaining your professional coaching accreditation, including the required level of supervision to apply for Foundation Executive Coach level accreditation.

#RideTheWave

We are recognised by the professional body's *Coaching Perspectives* magazine for pioneering an accelerated pathway for accreditation. From our experience of running professional coach training programmes, we found that many fantastic coaches weren't going through the coach accreditation process because of the paperwork and complexity.

We've therefore designed the **#RideTheWave** programme to support coaches every step of the way to accreditation. This includes a pre-populated application form, specific sessions to support with the written work for accreditation, all feedback given directly against the AC competencies, a 1:1 session to prepare the Fitness to Practice statement and the required 5 hours of coaching supervision for Foundation level Executive Coach accreditation.

“It has been an absolute pleasure and a privilege to support such a high calibre programme - and to meet your delightful and enthusiastic participants!”

Jeannette Marshall, Director of Accreditation, Association for Coaching

“#RideTheWave is a life changing experience. The tutors are creative, energetic powerhouses. The delegates and alumni that you take the journey with will become inspiring, supportive new friends. If you have an interest in coaching yourself and others then please take part in this programme, so that it can transform your life too.”

Lucy, Senior Technology Manager, Microsoft
